Subject: M/037/040 Velvet Mine acreage

I talked with both Milton Derrick of Umetco and Kenneth Webber of U.S. Energy about the two acreage figures (21.9 and 27.9) for the Velvet site. Mr. Derrick agreed with the theory of a typographical error causing the acreage to increase from 21.9 acres to 27.9 acres. Both parties were in agreement with the idea of the Division sending out a letter of clarification for signature by both parties. I told them I did not know if the Board would want the letter signed before approving of the surety.

A copy of this note will be sent to the file.
